

Training Compliance System — Design System

Version 1.0 • Operational Data UI • TESDA TWSP/CFSP

1. Typography

Role	Font	Size	Weight
Body / UI	IBM Plex Sans	13px	400
Labels / metadata	IBM Plex Sans	11px	400
Section headings	IBM Plex Sans	16px	600
Page title	IBM Plex Sans	20px	600
IDs, dates, codes	IBM Plex Mono	11-12px	400
Metric values	IBM Plex Sans	24px	600

Scale: 11 / 12 / 13 / 14 / 16 / 20 / 24

Line height: 1.5 body · 1.3 headings · 1.4 mono

Never use: Inter, Geist, system-ui for this project

2. Color Tokens

Base

--bg	#F5F4F0	Page background (warm off-white)
--surface	FFFFFF	Cards, panels
--surface-alt	EEEECE	Table alt rows, input bg
--border	#D8D6D0	Default borders
--border-strong	#B0AEA8	Section dividers

Text

--text-primary	#18180F	Body text
--text-secondary	#5A5950	Labels, field names
--text-muted	#97968E	Placeholders, metadata

Semantic (each color = one meaning only)

--blue	#185FA5	TWSP program
--blue-lt	#E6F1FB	
--teal	#0F6E56	CFSP program
--teal-lt	#E1F5EE	
--green	#3B6D11	Completed / on-track / approved
--green-lt	#EAF3DE	
--amber	#854F0B	Warning · 7-21 days · pending
--amber-lt	#FAEEDA	
--red	#8B2020	Critical · <7 days · urgent
--red-lt	#FCEBEB	
--purple	#534AB7	NC level badges
--purple-lt	#EEEDFE	

Rule: Never use red decoratively. One color = one meaning. Always.

3. Spacing (4pt grid)

4px	Badge/pill internal padding
8px	Component internal padding
12px	Card section gaps
16px	Card padding
24px	Between cards
32px	Section spacing
48px	Page section breaks

4. Border Radius

4px	Inputs, table rows
6px	Badges/pills
8px	Cards
12px	Metric cards, modals
20px	Status pills (full round)

5. Core Components

5.1 Status Badge

Height: 22px
Padding: 2px 10px
Font: IBM Plex Mono · 10px · uppercase
Border-radius: 20px (full pill)

Variants:

ongoing	bg: --blue-lt	text: --blue
completed	bg: --green-lt	text: --green
upcoming	bg: --amber-lt	text: --amber
cancelled	bg: --red-lt	text: --red
approved	bg: --green-lt	text: --green
nc-ii	bg: --purple-lt	text: --purple
twsp	bg: --blue-lt	text: --blue
cfsp	bg: --teal-lt	text: --teal

5.2 Progress Bar

Height: 6px
Radius: 4px
Track: --surface-alt
Label: IBM Plex Mono · 10px · above bar · right-aligned

Color by completion:

0-49%	--amber
50-74%	--blue
75-99%	--blue
100%	--green

Always show % label. Never omit it.

5.3 Metric Card

Width: flex (5-column grid)
Padding: 16px
Radius: 12px
Background: --surface
Border: 1px --border

Anatomy:

[icon 14px] [label · 10px mono uppercase · --text-muted]

```
[value · 24px · 600]
[sub-label · 11px · --text-secondary]
```

5.4 Batch Card

```
Padding:      16px
Radius:       8px
Border:       1px --border
Shadow:       0 1px 3px rgba(0,0,0,0.06)
```

Zones (top → bottom):

1. Header — batch name (14px 600) + ID (mono 10px) + badges row
2. Body grid — 3 columns: Trainer | Dates & Duration | Deadlines & Status
3. Progress — full-width progress bar with label
4. Pipeline — 6-step lifecycle stepper
5. Remark — auto-remark line · left-border accent · --blue-lt bg

5.5 Lifecycle Pipeline (6-step stepper)

```
Steps: AOU Submitted → NTP Received → TIP Conducted →
       Training Ongoing → Assessment → Billing
```

```
Step dot:    18px circle
Connector:   1px line · --border-strong
```

States:

- done — filled --green · white checkmark icon
- active — filled --blue · pulsing ring animation
- pending — outlined --border · --text-muted number

```
Label:       9px · IBM Plex Mono · centered below dot
Date:        9px · --text-secondary · below label
```

5.6 Avatar

```
Size:        24px (table) · 28px (card)
Shape:       circle
Content:     2-letter initials
Colors:      assigned by trainer, never random per render
```

```
Gagula      bg: #B5D4F4  text: #0C447C
```

Maravilla bg: #9FE1CB text: #085041

Pudadera bg: #FAC775 text: #633806

5.7 Urgency Indicator

Tiers (computed from today's date):

Critical days ≤ 7 color: --red icon: ▲

Warning days 7-21 color: --amber icon: ●

OK days > 21 color: --green icon: ✓

Display: "[N] days · [date]" · IBM Plex Mono · 11px

Always paired with the appropriate semantic color.

Never show just the date without the days-remaining count.

5.8 Data Table Row

Height: 40px

Font: 13px body · 11px mono for IDs/dates

Padding: 0 12px

Alt rows: --surface / --surface-alt

Hover: background #F0EFE9

Border-bottom: 1px --border

Inline mini progress bar:

Width: 64px

Height: 4px

Same color rules as 5.2

5.9 Tab Bar

Style: underline-active (not pill tabs)

Active: 2px bottom border · --blue · --text-primary · 500 weight

Inactive: --text-muted

Hover: --text-secondary

Font: 13px · IBM Plex Sans

Icon: 13px · left of label · 5px gap

Bottom border: 1px --border (full width, behind tabs)

5.10 Info Callout

Padding: 10px 14px

Radius: 6px
Border-left: 3px solid (semantic color)
Background: semantic-lt color

Variants:

info	border: --blue	bg: --blue-lt
warning	border: --amber	bg: --amber-lt
error	border: --red	bg: --red-lt
success	border: --green	bg: --green-lt

Font: 12px · --text-secondary

5.11 Document Link Row

Height: 36px
Icon: ti-file-text · 14px · --blue
Label: 13px · --text-primary · linked
Arrow: ti-external-link · 12px · --text-muted (on hover)
Divider: 1px --border between rows
Hover: background --surface-alt

5.12 Chart Wrapper

Background: --surface
Border: 1px --border
Radius: 8px
Padding: 16px

Header anatomy:

Title:	13px · 500 · --text-primary
Subtitle:	11px · --text-muted · margin-top 2px
Legend:	flex row · gap 10px · 11px · dot 8px rounded-2

Chart height:

Small	160px (2-col layout)
Large	200px (full width)

6. Component States (required for all)

State	Treatment
Default	Base styles above
Hover	<code>background: --surface-alt</code> · no transform/scale
Active / selected	<code>border-color: --blue</code> OR <code>background: --blue-lt</code>
Empty / null	Dash  for missing values · muted italic for missing docs
Loading	Skeleton with <code>--surface-alt</code> animated shimmer
Error	Red border + info callout (error variant)

7. Layout

Page grid

```
Max-width:      1080px
Page padding:   24px horizontal · 24px top · 48px bottom
Metrics row:    5-column equal grid · gap 10px
Batch cards:    single column stack · gap 16px
Charts:         2-column grid (1fr 1fr) · gap 12px
```

Density tier: Compact

```
Body font:      13px
Card padding:   16px
Table rows:     40px height
Card gap:       16px (not 24px)
Section gap:    32px
```

Rationale: all 3 batch cards + metrics bar must be visible on a 1080p monitor without scrolling.

8. Design Tokens (design-tokens.ts)

ts

```
export const tokens = {
  color: {
    bg:          '#F5F4F0',
    surface:      '#FFFFFF',
    surfaceAlt:   '#EEEEEA',
    border:       '#D8D6D0',
    borderStrong: '#B0AEA8',
    text:         '#18180F',
    textSecondary: '#5A5950',
    textMuted:    '#97968E',
    blue:         '#185FA5',
    blueLt:       '#E6F1FB',
    teal:         '#0F6E56',
    tealLt:       '#E1F5EE',
    green:        '#3B6D11',
    greenLt:      '#EAF3DE',
    amber:        '#854F0B',
    amberLt:      '#FAEEDA',
    red:          '#8B2020',
    redLt:        '#FCEBEB',
    purple:       '#534AB7',
    purpleLt:     '#EEEDFE',
  },
  font: {
    sans: "'IBM Plex Sans', sans-serif",
    mono: "'IBM Plex Mono', monospace",
  },
  fontSize: {
    xs: '11px',
    sm: '12px',
    base: '13px',
    md: '14px',
    lg: '16px',
    xl: '20px',
    '2xl': '24px',
  },
  space: {
    1: '4px',
    2: '8px',
    3: '12px',
    4: '16px',
    6: '24px',
    8: '32px',
  },
}
```

```
    12: '48px',  
  },  
  radius: {  
    sm: '4px',  
    badge: '6px',  
    md: '8px',  
    lg: '12px',  
    full: '20px',  
  },  
} as const
```

9. What to Skip

- ❌ Gradients — not appropriate for ops/compliance tools
- ❌ Dark mode — adds complexity, low ROI for this user type
- ❌ Animations beyond pipeline pulse and progress bar fill
- ❌ Border radius above 12px on cards
- ❌ Icon-only navigation — users need labels
- ❌ Rounded pill tabs — use underline style only
- ❌ Drop shadows above `0 1px 3px rgba(0,0,0,0.06)`
